

**Pt's Thank You Letter:**

I would like to thank Dr. Patrick Gullane and his nursing staff at The Head and Neck Clinic at the Toronto General Hospital for the excellent care I received during my stay at the hospital recovering from surgery.

The care and treatment I received before, during and after surgery is second to none. I am fully recovered from my surgery and no complications, no pain and no side effects. I feel very fortunate and blessed to be in the care of such amazing and caring physician, nursing staff and hospital.

Because of my experience, I want to give something back to the hospital and I am currently volunteering every week at 6B West head and neck Clinic.

**Poem for Dr. Gullane**

HERE IS TO THE BEST!

March 2007 is here,

A big salute to you Dr. Gullane dear,

It's a very important time for us and especially for you,

Since this is the time to recognize you,

For all the exceptional efforts and achievements,

Done with ever-present enthusiasm and excellence,

For all of us to enjoy and savor the life enhancements,

You have brought us all and for the joy and grand difference,

For the ever-flowing kindness and excellent patient's care,

We are all very grateful and we all do care,

It's been an honor to be in the care,

Of the most amazing leader and ambassador of care!

For you are the most amazing physician we know,

For today and all the tomorrows,

We wish you all the best, because you are simply the BEST!
