

## Scientific Agenda

### Thursday October 29, 2009

- 7:45-8:45 Breakfast and Registration (Dominion Ballroom Foyer – 2<sup>nd</sup> Floor)
- 8:45-9:00 Welcome (Dominion Ballroom)  
Dr Mary Gospodarowicz and Dr Andrea Bezjak
- 9:00-9:50 Plenary Address  
Moderator: Dr Malcolm Moore
- 9:50-10:00 Personalized Cancer Care in Year 2009 and Beyond  
Dr Richard Schilsky, University of Chicago Medical Center  
Discussion Period
- 10:00-10:20 Coffee Break
- 10:20-12:00 New Developments in Breast and Gastrointestinal Cancer Therapy  
Moderators: Dr. Srikala Sridhar and Dr Eric Chen
- 10:20-10:35 Gene Profiling of Breast Cancer, a New Horizon for Personalized Care  
Dr Wey Leong, Surgical Oncologist, PMH
- 10:35-10:40 Discussion Period
- 10:40-10:55 Systemic Effect of Loco-regional Radiotherapy in Early Breast Cancer  
Dr Tim Whelan
- 10:55-11:00 Discussion Period
- 11:00-11:15 Gastric Cancer: Peri-Operative vs Post-Operative Approaches  
Dr. Jolie Ringash
- 11:15-11:20 Discussion Period
- 11:20-11:35 Markers Guiding Personalized Therapy in Colon Cancer  
Dr. Helen MacKay
- 11:35-11:40 Discussion Period
- 11:40-11:55 Current Status of CT Colonography  
Dr Tanya Chawla
- 11:55-12:00 Discussion Period
- 12:00-1:30 Lunch
- 1:30-2:00 Poster Viewing (Please be present at your poster during this time)
- 2:00-3:00 Parallel Session - Innovations in Practice to Improve Quality - Does this Work? (Dominion Ballroom South)  
Moderators: Dr Andy Smith and Dr James Brierley
- 2:00-2:15 Standardization and Quality - Pathological Synoptic Reporting  
Dr John Srigley

- 2:15-2:30 Synoptic Surgical Reporting; If the Pathologists are doing it, why can't the Surgeons?  
Dr Peter Stotland
- 2:30- 2:45 Quality Initiatives Made Possible Through Tele-pathology  
Dr Andy Evans
- 2:45-3:00 Discussion Period
- 2:00-3:00 Parallel Session - Colorectal Screening (Dominion Ballroom North)  
Moderator: Dr Linda Rabeneck
- 2:00-2:20 What's the Effectiveness of Colonoscopy  
Dr Linda Rabeneck
- 2:20-2:40 Population Impact of Colo-Rectal Screening  
Dr Heather Bryant
- 2:40-3:00 Discussion Period
- 3:00-3:30 Coffee Break
- 3:30-5:00 Parallel Session - Case-Based Discussion – Breast (Dominion Ballroom South)  
Moderators: Dr Rebecca Dent and Dr Christine Simmons
- Multidisciplinary Panel Discussion with Audience Participation  
Panelists:  
Dr Jean Francois Boileau  
Dr Rebecca Dent  
Dr Alexandra Easson  
Dr Anthony Fyles  
Dr Christine Simmons  
Dr Bruce Youngson
- 3:30-5:00 Parallel Session - Colon Cancer: Management of Liver Metastases – A Multidisciplinary Approach (Dominion Ballroom North)  
Moderator: Dr Ronald Burkes
- 3:30-3:50 Surgery for Liver Metastases  
Dr Paul Greig
- 3:50-4:10 Radiation Therapy for Liver Metastases  
Dr John Kim
- 4:10-4:30 Conversion Therapy for Initially Unresectable Liver Metastases  
Dr Ronald Burkes
- 4:30-5:00 Discussion Period

**Friday October 30, 2009**

- 7:45-8:45 Breakfast and Registration (Dominion Ballroom Foyer)
- 8:45-9:00 Welcome (Dominion Ballroom)  
Dr Andrea Bezjak
- 9:00-9:50 Plenary Address  
Moderator: Dr. Sylvia Asa
- 9:50-10:00 The Promise and Challenges of Biomarkers  
Dr Patricia Shaw  
Discussion Period
- 10:00-10:20 Coffee Break
- 10:20-12:00 Breast and Supportive Care Session  
Moderators: Dr Pamela Goodwin and Dr Gary Rodin
- 10:20-10:35 Hyperinsulinemia in Breast Cancer  
Dr Pamela Goodwin
- 10:35-10:40 Discussion Period
- 10:40-10:55 Highlighting Novel Therapeutic Advances in Breast Cancer  
Dr Srikala Sridhar
- 10:55-11:00 Discussion Period
- 11:00-11:15 Chemo-brain  
Dr Lori Bernstein
- 11:15-11:20 Discussion Period
- 11:20-11:35 Cytokines and Symptoms  
Dr Madeline Li
- 11:35-11:40 Discussion Period
- 11:40-11:55 Evidence of Early Palliative Care Intervention  
Dr Camilla Zimmerman
- 11:55-12:00 Discussion Period
- 12:00-1:30 Lunch
- 1:30-3:30 Parallel Session – Future of Clinical Research in Canada (Dominion Ballroom South)  
Moderator: Dr Amit Oza
- 1:30-2:00 Canadian Investment in Cancer Research  
Dr Elizabeth Eisenhauer
- 2:00-2:30 How to do it Better in the Era of Personal Cancer Care  
Dr Janet Dancey

- 2:30-3:00 The Critical Importance of Molecular Medicine for Future Clinical Research  
Dr Sylvia Asa
- 3:00-3:30 Discussion Period
- 1:30-3:30 Parallel Session – The Pace of Change: Challenges and Opportunities for  
Oncology Nursing (Dominion Ballroom North)  
Moderator: Barbara Fitzgerald
- 1:30-1:45 Educational Opportunities for Nurses - Update on the de Souza Institute  
Dr Mary Jane Esplen
- 1:45-2:30 Finding the Courage to Lead  
Dr Joy Richards
- 2:30-3:30 Panel Discussion  
Panelists:  
Catriona Buick  
Mary Jane Esplen  
Esther Green  
Mary Ferguson-Paré  
Barb Fitzgerald  
Janice Wright
- 3:30-4:00 Coffee Break
- 4:00-5:30 Reality of Cancer Care Delivery: Have your Say (Dominion Ballroom)  
Moderator: Dr Terrence Sullivan
- Reality of Cancer Care Delivery Prioritizing Limited Resources  
Dr Terrence Sullivan
- Health Economics, Opportunity Costs and You  
Dr Jeff Hoch
- Perspective of the Ministry of Health  
Helen Stevenson
- How do we Deal with this in Clinical Practice  
Dr Peter Anglin
- Panel Discussion

**Saturday October 31, 2009**

- 7:45-8:45 Breakfast and Registration (Dominion Ballroom Foyer)
- 8:45-9:15 Plenary Session (Dominion Ballroom)  
Moderator: Dr. Andrea Bezjak
- 8:45-9:10 Drugs of Tomorrow - New Drugs and New Targets –  
What's on the Radar Screen?  
Dr Lillian Siu
- 9:10-9:15 Discussion Period
- 9:15-10:45 Lung Session  
Moderator: Dr Ron Feld
- 9:15-9:30 Maintenance Chemotherapy – Challenges and Controversies  
Dr Frances Shepherd
- 9:30-9:45 Molecular and Pathological Selection of Patients for Therapy  
Dr Ming Tsao
- 9:45-10:00 Molecular Genomics as Predictor of Toxicity and Response  
Dr Andrew Hope
- 10:00-10:15 Surgical Advances – The Future is Now  
Dr Thomas Waddell
- 10:15-10:45 Discussion Period
- 10:45-11:00 Break
- 11:00-12:30 Case-Based Discussion – Lung  
Moderators: Dr Dorothy Lo and Dr. Andrea Bezjak
- Multidisciplinary Panel Discussion  
Panelists:  
Dr Thomas Waddell  
Dr Ronald Feld  
Dr Andrew Hope  
Dr Ming Tsao  
Dr Heidi Roberts
- 12:30-12:45 Closing Remarks and Evaluation  
Dr. Andrea Bezjak
