

How Drug Coverage Works

PMH

A Guide to Your Drug Coverage Options

This guide will give you important information about your drug coverage options and where you can go for help before you start your treatment at the Princess Margaret Hospital (PMH).

This information is to be used for informational purposes only and is not intended as a substitute for professional medical advice, diagnosis or treatment. Please consult your health care provider for advice about a specific medical condition. A single copy of these materials may be reprinted for non-commercial personal use only.

- It is important to know what kind of drug coverage you have as early as possible.
- Knowing your drug coverage options can help you plan ahead and prevent delays in your treatment.
- Use this flow chart to find out what you need to know before your doctor gives you a prescription.

Type of Insurance You May Have

What You Need to Know

How can a PMH Medication Reimbursement Specialist help me?

A PMH medication reimbursement specialist is a drug coverage expert who can help you understand how your coverage works and what options you may have.

Please call the number below to book an appointment if you need:

- help figuring out how your coverage works
- advice on how to move forward with planning
- more information about patient assistance programs
