Who We Are:

Community Interlink is a community program for cancer patients and their families.

We are health care professionals with experience in caring for cancer patients and their families. We understand the challenges of facing cancer.

Who Can Contact Community Interlink?

Anyone can contact Community Interlink - patients, families, friends, doctors, nurses, and other health care professionals.

What We Do:

- visit in your home
- assess physical, social, emotional and spiritual need
- educate about cancer
- offer emotional support to the patient and/or family members
- anticipate need for resources
- help with the management of treatment side effects and cancer symptoms
- work with other health care team members to coordinate care
- provide information and connect to hospital and community services and resources

Community Interlink helps cancer patients and their families:

- cope with a new diagnosis, recurrence or advancing disease
- cope with disease symptoms and treatment side effects
- deal with issues and concerns about treatment decisions

- adjust to life changes related to cancer such as role changes, finances, loss of work
- understand the cancer care system and community resources

For More Information please contact:

Community Interlink
Department of Psychosocial Oncology & Palliative Care
Princess Margaret Hospital
16-718
610 University Avenue
Toronto, Ontario M5G 2M9
