

The Canadian Concussion Centre presents

Concussion Annual Public Forum

Concussions in the Home and Workplace, including Falls and Interpersonal Violence: Prevention and Treatment

Friday April 29, 2022, 6-8pm | Virtual

This public forum is in association with the 9th Annual Concussion Research Symposium. The Canadian Concussion Centre is pleased to present a Public Forum at Toronto Western Hospital - BMO Education & Conference Centre on the evening of April 29, 2022.

This year's focus will be on local, national and international efforts to prevent and treat concussions in the home and workplace.
