

Hepatitis C Workshop

**for Novice - Intermediate
Knowledge Level RN's, NP's, and MD's**

**Through these workshops, you will gain experience
and confidence in all aspects of hepatitis C care
including:**

- **Screening and diagnosis**
- **Pre-treatment evaluation**
- **Treatment and monitoring**
- **Post-treatment follow-up**

**These workshops will be followed by HepCNET, a
biweekly virtual meeting that brings hepatitis C
providers from across Ontario into a provincial
community of practice using discussions and case
presentations.**
