Liver, Pancreas and Biliary (HPB) Surgical Team

Partners in the HPB Program at University Health Network

The HPB Team at UHN is a group of doctors who specialize in liver, pancreas and biliary system surgery, and surgery to treat cancers in these areas. HPB stands for Hepato-Pancreatico-Biliary.

Our surgeons are leaders in this field and work with other Cancer Specialists, Fellows, Residents, Medical Students, Registered Nurses, Pharmacists, Physiotherapists and other health care professionals to provide all patients with the highest quality of care available.

How can I receive treatment?
You must have a referral from a doctor before you can see an HPB surgeon.

To see a pancreas cancer surgeon

• Your doctor can fax the referral to the McCain Pancreas Cancer Clinic
  Fax: 416 946 2043   Phone: 416 946 2184

To see all other surgeons

• Your doctor can fax the referral directly to the surgeon’s office (see next page for names and numbers), or

• Your doctor can fax the HPB referral line at 1 866 547 2844. These referrals will be reviewed by the HPB surgeon on call.
Who is the HPB surgeon on call?

The **HPB surgeon on call** oversees all patients coming to the hospital for liver and pancreas surgery. Each week a different surgeon is responsible for taking call. In this way, the HPB team works together to provide the best possible care for patients 24 hours a day, every day.

**After your surgery**

If you have questions or concerns after you leave the hospital, call the Nurse Navigator at 416 262 1992.
How can I contact my surgical team?

• If you have a medical emergency, go to the closest Emergency Department.

• To speak with a specific surgeon, call their office directly.

• For all other questions, leave a message on the HPB Information line: 416 340 4400 and your call will be returned within 2 business days.

Important: The HPB surgeons meet with patients by appointment only.
