

Mask Policy at UHN

Information for patients, visitors and Essential Care Partners

What is the current Mask Policy at UHN?

As of July 5, 2023, **wearing a mask is optional in most public areas** of UHN hospitals. This includes areas like lobbies, hallways, elevators, food courts, at nursing stations and in staff-only areas.*

Masks are still welcome in all spaces where they are not required.

The choice to wear a mask will be respected and supported.

Masks are still required:

- ✓ During all **direct patient care and contact**.
 - Applies to patients, visitors, Essential Care Partners (ECPs) and health care providers during all care encounters.
 - Applies to patients, visitors and ECPs during visits in an inpatient room.
- ✓ In all **waiting areas**.
 - Includes outpatient clinics, medical imaging and lab waiting areas, the Emergency Department and dialysis waiting areas.*
- ✓ In **all areas** of the following **high-risk inpatient units**:
 - Princess Margaret Cancer Centre: 14 A/B/C and 15 A/B/C
 - Toronto General Hospital: 6 Eaton South, 6A Munk and 7A/B Munk
- ✓ In **all areas** of the following **high-risk outpatient care areas**:
 - Allogeneic and Autologous Bone Marrow Transplant Day Units
 - Systemic Therapy (Chemotherapy and Immunotherapy) Unit
 - Malignant Hematology Day Unit

For more information, visit www.uhn.ca/COVID19 or ask your care team.

***These are examples and not a complete listing.** Please follow mask guidelines posted in the area you are visiting or instructions from hospital staff.
