**Vitamin and Minerals after Bariatric Surgery**

Here is a recommended guideline for taking vitamins and minerals.

**Multivitamin minerals** containing at least **18mg Iron** and **1mg Copper**
- 2 per day – may take both at the same time
- Take with meals
- Take 2 hours apart from Calcium
- Do not take children’s multivitamins or gummies

**Calcium citrate with Vitamin D**
- Aim for 1200-1500 mg of **calcium citrate** with 800-1200 IU of vitamin D each day
- Take in separated doses
  - Usual dose of calcium is 500 mg to 600 mg **2 to 3 times a day**
  - Usual dose of vitamin D is 400 IU
- Take each dose at least 2 hours apart and 2 hours away from multivitamin mineral supplement

**Vitamin B12**
Choose 1 option
- 250 mcg twice a day or
- 500 mcg /day or
- 1000 mcg every other day or
- 1200 mcg every 3rd day or
- Injection from your doctor every month
