INDEPENDENCE AT HOME
COMMUNITY OUTREACH TEAM

WHO WE ARE
The Independence at Home Community Outreach Team consists of a Nurse, Social Worker, Pharmacist, Home and Community Care Support Services Coordinator, Geriatrician, and Geriatric Psychiatrist.

Other professionals may be accessed as is required through our partnering organizations or the Home and Community Care Support Services.

We always work in partnership with your patient’s primary care team and circle of care.

WHAT WE DO FOR YOUR PATIENT
Assess and provide individualized care for older adults which may include:

OUTPATIENT & INPATIENT REHABILITATION OPTIONS
Link with the right in-home, outpatient or inpatient rehabilitation options (i.e. community exercise programs, Geriatric Day Hospital).

HOME & COMMUNITY SUPPORT SERVICES
Link with the best mix of home care and community support services and activities to stay independent (i.e. call companions, extreme cleaning).

GERIATRIC SERVICES
Provide or refer your patient to a range of specialized geriatric services (i.e. geriatrician consultation, mental health resources, Advanced Care Planning).

CARE NAVIGATION AND CAREGIVER SUPPORT
Assist your patient with care navigation and provide caregiver support (maximizing financial entitlements, spousal bereavement).

WHO WE SERVE
Older adults residing in the community who are 65 years of age and older and:

• Have experienced a recent functional decline and have potential to regain function.
• Would benefit from increased supports at home or in the community to remain independent.
• Find it difficult to go outside and would benefit from specialized short term geriatric care in the home.
• Reside in our Service Area: South of St. Clair Ave., West of the Don River, and East of Keele St./Parkside Dr. (See Map for Details).
• Do not live in a long-term care home.

HOW YOU CAN REFER TO US:
Please fax a completed Referral Form indicating the IAH Service and supporting documents to:

F: 416-597-7066

Referral Form can be accessed at:
