

Electronic Patient Record (EPR) Virtual Support Session During Pandemic Period

November 4, 2021 - November 8, 2021

All nursing audiences must complete the **EPR for Nursing online** course located within the **Intro to EPR eLearning**. Nursing Learners are not required to attend any further training during this pandemic period however, if you need support, we offer **optional EPR for Nursing Support Session** (90 minutes in length). The support session will not re-teach concepts from the eLearning course. These sessions are intended to support anyone with specific questions or need for clarification. You must complete the mandatory eLearning course in advance and be comfortable with your EPR knowledge before your support session.

Use the following link to complete the mandatory eLearning course:

[EPR for Nursing](#)

Once you have filled out the declaration form at the end of your eLearning, you should receive a confirmation email that declares your completion of the course. Please wait at least 24 hours after completing the course to call the Help Desk at (416) 340-4800 ext. 4357 (H-E-L-P) to obtain your username and password.

Digital Education reserves the rights to change training dates due to resource availability or technical problems .

To schedule an optional support session after completion of the online EPR for Nursing course, please send an email to digitaleducation@uhn.ca
