Health Services Mandatory Requirements

UHN requires all TeamUHN members to provide Health Services with current immunization records that meet our organizational policy and the minimum standards for all Ontario hospitals (OHA/OMA Guidelines). The purpose of these requirements are to limit the risk of exposure and transmission of communicable diseases for staff and patients and support a healthy and safe work environment.

As it may take 4-6 weeks to complete these requirements, the requirements should be started well in advance of your start date. Staff are not permitted to verify their own record and are advised to retain a copy of this form for their own records:

- **Onboarding Immunization Record**: May be filled out by a licensed medical practitioner OR you may provide documentation of these records that include all the required elements found on this form. This must be submitted as an attachment to the completed record.
- **Health History**: Must be fully completed by the onboarding TeamUHN member.

### To access your past records:

- Contact your current employer, past employer or organization where you performed volunteer work, and request a copy of your record from the Occupational Health Department.
- Contact your healthcare training school program and request a copy of your immunization record from Student Health Services.
- Contact the Public Health Department in the school district that you attended to ask for a copy of your vaccination record. If you attended school in Toronto you can access your record online: [https://tph.icon.ehealthontario.ca/#/welcome](https://tph.icon.ehealthontario.ca/#/welcome)
- Obtain your childhood record (often a yellow card or form) from your family doctor or parents. Other healthcare professionals you have received care from may also have pertinent documentation of immunity such as obstetricians, midwives or family physicians.
- Blood tests may be required if you are unable to confirm vaccination dates and test results may take 2-4 weeks. You may want to discuss revaccination as an option with your doctor.

If you do not have a healthcare provider please use the following link to find one: [https://www.ontario.ca/page/find-family-doctor-or-nurse-practitioner](https://www.ontario.ca/page/find-family-doctor-or-nurse-practitioner).

Submit the below information and supporting documentation using the online forms located at [kics.uhn.ca/kics/formlist.php](http://kics.uhn.ca/kics/formlist.php) no later than 5 business days prior to your start date, or as soon as you receive your EID after submitting your HR onboarding documents. Please have all of your documentation ready to submit together.

You will receive a follow up e-mail once submitted. The medical information collected will be maintained in confidence and will remain part of your Health Services Clinic medical record. If you have concerns regarding submitting your documents online, please contact Health Services at 416-979-4441 or OHSNEO@uhn.ca.

### N95 Respirator Fit Testing

Upon hire at UHN, all healthcare workers will be provided with the opportunity to be fit tested for an N95 respirator. Please complete the N95 Respirator Fit Testing online form, located at [kics.uhn.ca/kics/formlist.php](http://kics.uhn.ca/kics/formlist.php), to provide us with a copy of your valid fit test record (completed within the last two years) and/or to be provided with instructions on how to complete an N95 respirator fit test when you start at UHN.
Onboarding Immunization Checklist

This form is intended to serve as an informal checklist only and is not an accepted form for proof of employee immunization. Proof of immunization must be completed by a Medical Practitioner using either the “Onboarding Immunization Record for TeamUHN” form (below) or through certified documentation.

As a condition of employment, all new UHN staff will provide proof and documentation of tests for the following, prior to their start date:

1) **TB Skin test (TST) (Mantoux Test) status** *(Note that each step of a TST is 2 appointments)*

| □ Documentation of a 2-step TST completed within 28 days of one another, at any time | OR | Two separate 1-step TST if both are completed within a 12 month timespan. Documentation of both tests are required. |

If you have ever tested positive on TST:

- □ Documentation of that positive TST

AND

- □ Documentation of a chest x-ray performed after the positive TST is required

- BCG vaccination is NOT a contraindication to TST; documentation of TST is required.

2) **Measles, Mumps and Rubella (MMR) immunity status**

| □ Documentation of 2 MMR vaccine doses | OR | □ Documentation of blood titres showing immunity to Measles, Mumps, and Rubella |

3) **Varicella immunity status**

| □ Documentation of 2 Varicella vaccine doses | OR | □ Documentation of blood titres showing immunity to Varicella |

4) **Tetanus, Diphtheria and Pertussis (Tdap) immunity status**

- □ Documentation of adult (age >18) Pertussis vaccination is mandatory

- □ Tetanus and Diphtheria are recommended

5) **COVID-19 Vaccine status**

| □ Documentation of evidence of 2 doses of the COVID-19 vaccine |

6) **Hepatitis B immunity status**

The Hepatitis B immunity status is **ONLY for TeamUHN members who will work with patients and/or may be exposed to blood, bodily fluids or infectious waste**. Ask your Hiring Manager/Principal Investigator (PI)/Supervisor/Department or Division Head if you are unsure if these requirements apply to you.

| □ Proof of Hepatitis B immunity required (bloodwork: HBsAb titre>10.0) |

If Hepatitis B immunity is negative:

- □ Booster or complete 3-dose vaccine series and further blood testing will be required

  AND

  - □ If two complete 3-dose series have been completed, and HBsAb remains <10.0, considered “non-responder”
  - □ Documentation of consultation with care provider

  □ Consultation with Health Services nurse is advised if you are a non-responder to Hepatitis B- email OHSNEO@uhn.ca

Onboarding Immunization Record for TeamUHN

Can be filled out by a licensed medical practitioner OR you may provide documentation of these records that include all the required elements (1-6) found on this 2-page form. This form once completed may be submitted with your records using the online form located at kics.uhn.ca/kics/formlist.php.

<table>
<thead>
<tr>
<th>UHN EMPLOYEE NAME:</th>
<th>UHN EMPLOYEE ID:</th>
</tr>
</thead>
</table>

### 1) TB Skin test (TST) (Mantoux Test)
- A 2-step TST
- OR Two separate 1-step TST if both are completed within a 12 month timespan. Documentation of both tests are required. 
  **BCG vaccination is NOT a contraindication to TST**

If you have ever tested positive on TST,
- Documentation of that positive TST
- AND
  - Documentation of a chest x-ray performed after the positive TST is required

#### TST (Mantoux Test) results
1. Date Given: _________ Date Read: _________ (L) (R)  
   Skin Read Result: _________________ (____ mm. induration)
2. Date Given: _________ Date Read: _________ (L) (R)  
   Skin Read Result: _________________ (____ mm. induration)

If any historical TST is positive:
- Date of positive TST: _________________
- CXR after positive TST test: Date: _________________
- Result: _________________

### 2) Evidence of immunity to Measles, Mumps and Rubella (MMR)
- Documentation of 2 doses of measles, mumps and rubella (MMR) vaccine
- OR
  - Blood titers showing immunity

#### Record of MMR Vaccination
1. First Dose Date: __________________________
2. Second Dose Date: _________________________
   OR
   - Laboratory evidence of immunity
     - Measles Date Immunity Test Completed: _________________
     - Result (circle one): Reactive / Non-Reactive / Indeterminate
     - Mumps Date Immunity Test Completed: _________________
     - Result (circle one): Reactive / Non-Reactive / Indeterminate
     - Rubella Date Immunity Test Completed: _________________
     - Result (circle one): Reactive / Non-Reactive / Indeterminate

### 3) Evidence of immunity to Varicella
- Documentation of 2 doses of varicella vaccine
- OR
  - Blood titers showing immunity

#### Record of Varicella Vaccination
1. First Dose Date: __________________________
2. Second Dose Date: _________________________
   OR
   - Laboratory evidence of Varicella immunity
     - Date Immunity Test Completed: _________________
     - Result (circle one): Reactive / Non-Reactive / Indeterminate

### 4) Immunization against Tetanus, Diphtheria & Pertussis (Tdap)
- Adult Pertussis vaccination is mandatory
- Tetanus and diphtheria are recommended

#### Record of latest Vaccination for Tetanus Diphtheria and Pertussis (Tdap)
Date Completed: ____________________________

October 19, 2022
5) Documentation of COVID-19 vaccination

- Documentation of evidence of minimum 2 doses of the COVID-19 Vaccine.

<table>
<thead>
<tr>
<th>Record of COVID-19 Vaccination</th>
</tr>
</thead>
</table>
| 1. First Dose Vaccine Manufacturer: ____________________  
  First Dose Date: ________________ |
| 2. Second Dose Vaccine Manufacturer: ____________________  
  Second Dose Date: ________________ |
| 3. Last Booster Dose Vaccine Manufacturer: ________________  
  Dose Date: ____________________ |

6) Documentation of Hepatitis B status

**Applies ONLY for TeamUHN members who will work with patients and/or may be exposed to blood, bodily fluids or infectious waste.**

- Proof of Hepatitis B immunity required (bloodwork: HBsAb titre>10.0)

If immunity negative:

- Booster or complete 3-dose vaccine series and further blood testing will be required – consult your care provider or HS nurse
- At least 1 dose administered after negative bloodwork is required for clearance.

If two complete 3-dose series have been completed, and HBsAb remains <10.0:

- Considered “non-responder”
- Consultation with your care provider required
- Consultation with Health Services nurse is advised if you are a non-responder- email OHSNEO@uhn.ca
