Telemedicine IMPACT Plus (TIP)
Interprofessional Clinic for Patients with Complex Care Needs

What is TIP?

TIP (Telemedicine IMPACT Plus) provides rapid access to a virtual team of professionals to enable proactive health and social care for patients with complex conditions, and their family caregivers.

Telemedicine IMPACT Plus is an OHIP-Billable Service that supports coordinated care planning and derives new solutions for addressing the patient’s chronic conditions.

The Primary Care Provider, patient, and their family caregivers benefit from the support of a dedicated nurse who coordinates the patient’s circle of care. The TIP consultation clinic empowers the patient and their caregivers to manage complex health conditions.

TIP consulting teams have a core membership (as required) of a:
- Psychiatrist
- Internist
- Pharmacist
- Dietician
- Social Worker
- Home and Community Care Coordinator

Some of our teams offer specialty consults in:
- Geriatric Medicine
- Geriatric Psychiatry
- Diabetes
- Endocrinology
- Pain Management
- Intellectual and Developmental Disabilities

Which patients do I refer?

- Patients with multiple chronic conditions and medications.
- Frequently hospitalized patients in need of access to psychiatric, mental health or social supports.
- Patients who could benefit from coordinated care planning.

Why should I refer to TIP?

- Access psychiatric and internist consultation within weeks or sooner.
- Develop a Coordinated Care Plan.
- Navigate health and community resources with a dedicated nurse.
- Build and foster resiliency by enhancing access to local resources.
- Gain supports to help manage the patients who “keep you up at night”.
