AYA Cancer and COVID-19 Vaccination

A friendly reminder:
Have you received your COVID-19 vaccination?

The COVID-19 vaccines are safe for people with cancer.

It is important that people with cancer get vaccinated because having cancer increases the risk for more severe outcomes of COVID-19.

With summer winding down, we can look forward to upcoming awareness walks happening throughout the month of September across Canada. Together we can help support patients and their caregivers, and fundraise for important research and programs.

Read on to learn more about upcoming events!

September 12, 2021

This is a virtual event which means that you (and your team) can choose how and where to walk in support of this important cause.

You can register here! <https://ovariancanada.org/Events/Find-Local-Events/2021/September/2021-Ovarian-Cancer-Canada-Walk-of-Hope>

September 25 & 26, 2021

You can register here! <https://bladdercancercanada.org/en/join-an-awareness-walk-3/>

FREE POP-UP WILDFIRE GROUP WRITING CLASS

For BIPOC Thrivers Diagnosed under 50

Tuesday, September 21 at 4:30 - 6PM EST

To reserve your spot:

wildfirecommunity.org/workshops

Wildfire is a magazine and writing community helping young breast cancer survivors and fighters find meaning and a sense of belonging in their experience of cancer.

For The Breast Of Us empowers women of color affected by breast cancer to make the rest of their lives the best of their lives through education, advocacy and community.

Join the younger BIPOC cancer community at this one-time writing workshop to learn tips on how to start writing your important stories surrounded by other women who just get it.
