

It's Teamwork!

There are many areas of SCI Rehab that you can work on during your stay at Lyndhurst. The column 'Domain' on the left is a list of the areas in SCI Rehab. The row across the top is a list of your health care team members. They will be working together with you during your rehab. The blue dots show the team members who work together with you most in each area. The red dots show the team members who give you support in this area. Please ask your team members any questions you may have about SCI rehab.

Lyndhurst Leadership and Unit Manager are part of the team!

Lyndhurst Support Staff are part of the team!

Who can I ask about...?
