A Care Coordinator can help assess your needs and arrange your services before you leave your rehabilitation centre, or soon after you return home. Your social worker or other member of your care team can refer you to Home and Community Care Support Services. You can also contact us directly to discuss your care needs.

Home and Community Care Support Services Care Coordinators are dedicated nurses, social workers, occupational therapists, physiotherapists and other health care professionals. These Coordinators have clinical expertise in health assessment and care planning. OHIP covers these services with your Ontario Health Card. There may be some additional fees for the equipment you need.

## Home Care services may include:

Nursing

Occupational therapy

Physiotherapy
